

For non-
stretchy fabrics
cut 4

For knit
fabrics use the
dotted line
and cut 2 on
the fold

18 Inch Doll Pants

~13 inch elastic
1/2 inch wide
for the waistband

Line for shorts

Pants Pattern

For an 18 inch Doll

- 1) Take two pieces with right sides together and sew the side seam and the inseam. Repeat with the other two pieces.
- 2) Turn one pant leg right side out and put it into the other pant leg so the right sides touch. Sew the crotch seam.
- 3) Turn the pants right side out. Make a casing for the elastic by folding the waist of the pants down $\frac{3}{4}$ inch and sewing around. Leave an opening to insert the elastic. Slide the elastic through using an attached safety pin. Sew the ends together.
- 4) At this point, try the pants on the doll. Make sure the elastic is the right size and decide on how much to turn up for the hem.
- 5) Sew the casing shut and hem the pants.
